

Eukanuba

Eukanuba for dogs and cats represents the ultimate in dog and cat nutrition. Eukanuba is formulated to provide balanced, complete, world-class quality nutrition. The very best ingredients are used and high palatability is ensured. Based on continuous research, formulations are upgraded to ensure that the highest standards are maintained.

Eukanuba products incorporate many nutritional management systems. To help clearly communicate the nutritional value of each product, a series of icons have been developed that show your clients the innovative health benefits in each diet.

Eukanuba

Eukanuba Puppy and Junior Small Breed

For small breed puppies (adult weight 2.5 - 10 kg) from 1 to 12 months
Also recommended during gestation or lactation

Product Features	Nutritional Benefits
■ Elevated level of DHA (Docosahexaenoic acid, an important omega-3 fatty acid)	■ For optimal brain development and improved cognitive function
■ Nutrient and energy dense High quality animal protein	■ Suitable for small stomach, meets energy needs and supports healthy growth
■ Antioxidants	■ To support the developing immune system
■ Carbohydrate blend (barley and sorghum)	■ To help maintain normal blood sugar levels after a meal
■ Balanced Omega-6/Omega-3 fatty acid ratio of 5-10 : 1	■ For healthy skin and coat
■ Beet pulp	■ For a healthy digestive system

Ingredients

Chicken (>26%), maize, wheat, animal fat, fish meal, barley, sorghum, poultry meal, dried beet pulp, dried whole egg, chicken digest, brewer's dried yeast, potassium chloride, salt, linseed, dicalcium phosphate, DL-methionine, marigold extract.

Analysis

Protein (%)	32.0	Phosphorus P (%)	1.00

Eukanuba Healthy Extras Puppy & Junior All Breeds

For puppies of all breeds sizes

Adult weight up to 40 kg: from 1 – 12 months

Adult weight >40 kg: from 1 – 24 months.

Product Features	Nutritional Benefits
■ DentaControl	■ Helps reduce tartar build-up
■ High quality animal protein	■ To support healthy muscular and skeletal development
■ Antioxidants	■ To support the developing immune system
■ Balanced Omega-6/Omega-3 fatty acid ratio of 5-10:1	■ For healthy skin & coat
■ Beet pulp	■ For a healthy digestive system

Ingredients

Wheat flour, chicken meal, animal fat, dried beet pulp, poultry digest, fish meal, dried whole egg, brewer's dried yeast, potassium chloride, linseed, salt, DL-methionine, potassium sorbate.

Analysis

Protein (%)	28.0	Vitamin A (IU/kg)	15,000
Oils and fats (%)	15.0	Vitamin D ₃ (IU/kg)	900
Ash (%)	6.0	Vitamin E (α-tocopherol) (mg/kg)	200
Fibre (%)	2.5	Copper as Copper II Sulphate (mg/kg)	25
Moisture (%)	8.0	β-carotene (mg)	1
Calcium (%)	1.00		
Phosphorus P (%)	0.85		
EC calculated		kcal/kg	3,670
		MJ/kg	15.4

Feeding recommendation:

2 – 4 biscuits a day. To be fed as a healthy complement to Eukanuba dry or canned products.

Eukanuba Healthy Extras Adult Small & Medium Breeds

For small and medium breed dogs (2.5-25 kg) from 1 year onwards

Product Features	Nutritional Benefits
■ DentaControl	■ Helps reduce tartar build-up
■ High quality animal protein	■ To meet the nutritional requirements of dogs and support body and organ function
■ Antioxidants	■ To support a strong and healthy immune system
■ Balanced Omega-6/Omega-3 fatty acid ratio of 5-10:1	■ For healthy skin & coat
■ Beet pulp	■ For a healthy digestive system

Ingredients

Wheat flour, chicken meal, dried beet pulp, animal fat, poultry digest, fish meal, dried whole egg, brewer's dried yeast, potassium chloride, salt, linseed, dicalcium phosphate, DL-methionine, potassium sorbate.

Analysis

Protein (%)	26.0	Vitamin A (IU/kg)	12,000
Oils and fats (%)	10.0	Vitamin D ₃ (IU/kg)	750
Ash (%)	6.0	Vitamin E (α-tocopherol) (mg/kg)	200
Fibre (%)	2.5	Copper as Copper II Sulphate (mg/kg)	25
Moisture (%)	8.0	β-carotene (mg)	1
Calcium (%)	1.00		
Phosphorus P (%)	0.85		
EC calculated	kcal/kg		3,420
	MJ/kg		14.3

Feeding recommendation:

2 – 4 biscuits a day. To be fed as a healthy complement to Eukanuba dry or canned products.

Eukanuba Healthy Extras Adult Large Breeds

For large breed dogs (25-40 kg) from 1 year onwards

For giant breed dogs (>40 kg) from 2 years onwards

Product Features	Nutritional Benefits
■ DentaControl	■ Helps reduce tartar build-up
■ High quality animal protein	■ To meet the nutritional requirements of dogs and support body and organ function
■ Joint support (including glucosamine and chondroitin sulphate)	■ Supports healthy joint cartilage production, joint health and mobility
■ Antioxidants	■ To support a strong and healthy immune system
■ Balanced Omega-6/Omega-3 fatty acid ratio of 5-10:1	■ For healthy skin & coat
■ Beet pulp	■ For a healthy digestive system

Ingredients

Wheat flour, chicken meal, dried beet pulp, poultry digest, dried whole egg, brewer's dried yeast, potassium chloride, salt, fish meal, linseed, DL-methionine, potassium sorbate, glucosamine hydrochloride, chondroitin sulphate

Analysis

Protein (%)	24.0	Vitamin A (IU/kg)	12,000
Oils and fats (%)	5.8	Vitamin D ₃ (IU/kg)	900
Ash (%)	5.5	Vitamin E (α-tocopherol) (mg/kg)	200
Fibre (%)	2.5	Copper as Copper II Sulphate (mg/kg)	25
Moisture (%)	8.0	β-carotene (mg)	1
Calcium (%)	0.8		
Phosphorus P (%)	0.65		
EC calculated	kcal/kg		3,230
	MJ/kg		13.5

Feeding recommendation:

2 – 4 biscuits a day. To be fed as a healthy complement to Eukanuba dry or canned products.

Eukanuba Healthy Extras Adult Light All Breeds

For dogs of all breed sizes with a tendency to be overweight, from 1 year onwards

Product Features	Nutritional Benefits
■ DentaControl	■ Helps reduce tartar build-up
■ High quality animal protein	■ To meet the nutritional requirements of dogs and support body and organ function
■ Weight management system (L-carnitine, and reduced fat levels)	■ Helps reduce weight and improve body condition
■ Antioxidants	■ To support a strong and healthy immune system
■ Balanced Omega-6/Omega-3 fatty acid ratio of 5-10:1	■ For healthy skin & coat
■ Beet pulp	■ For a healthy digestive system

Ingredients

Wheat flour, chicken meal, dried beet pulp, poultry digest, dicalcium phosphate, dried whole egg, brewer's dried yeast, salt, potassium chloride, linseed, DL-methionine, potassium sorbate.

Analysis

Protein (%)	20.0	Vitamin A (IU/kg)	70,000
Oils and fats (%)	5.0	Vitamin D ₃ (IU/kg)	860
Ash (%)	6.5	Vitamin E (α-tocopherol) (mg/kg)	200
